PRESIDENT'S MESSAGE

Happy New Year Everyone! Can you believe a new year has arrived and we are already two months into starting it. The weather has been tolerable and the economy tanking so I hope this finds everyone well and comfortable.

This week we had our winter luncheon in North Richland Hills. (February meeting). Eleven 11 members attended and a nice afternoon was shared by all.

This Spring we get back to camping. In March we will meet in Hillsboro to welcome those stragglers who “winterized” in Mission back to North Texas. In April our campout will be at the Texas State Rally in Canton. This should be a fun change to our routine . Then, it is May and off to Bedrock

in Grand Saline we go. This makes for a good stretch of camping so dust off your rigs, and get ready to enjoy good company.

Speaking of the rally, you must register!! Early Registration (with discounted rates) ends February 28. When you register, you do not have to commit to a date of arrival-only that you will be there. This might make your planning easier. Register at Texas Good Sam.com

Looking forward to seeing everyone in Hillsboro next month!

Until then, stay safe, stay healthy, and drive safely.

Larry Walker,
President

IN OUR THOUGHTS AND PRAYERS

Kathy Austin’s daughter, Jennifer, had a severe heart attack in January. However, she has amazed the doctors with her recovery and has returned to work.

Kathy Austin, herself, was in need of our prayers for recovery while she was visiting family in Wisconsin. She ended up in the hospital several times and had to return home early from her trip. She is now on the mend and is doing well.

Fran Spinner contracted COVID-19, but has fully recovered. She said that Ray did not catch it from her and for that we are thankful.

Pennie Nichols is continuing to see doctors for her eye problems. There has been some improvement for which she is most thankful.

We ask for your continued prayers for Rosetta Parker as she continues to recover from her elbow surgery.

Joan and Billy Speaks continue to need your prayers. Billy fell Saturday morning around 5 a.m. He was taken to the hospital and, luckily, he didn’t break anything. He did have a large skin tear on his arm. He was released from the hospital on Sunday with orders for wound care and physical therapy.

Terri Fletcher had bunion surgery on her right foot. She had the left foot done several months ago and is anxious for a full recovery from this revision.

Your editor has recovered from her neck fusion surgery and can truthfully say that her “head is now screwed on tight.” She has been attending physical therapy while in Mission and the problem with her left arm is improving.

You will note that there are no minutes shown in this edition. There was no meeting in January and no minutes were taken at the February luncheon.
